

The Ladakh province is bigger than the other two provinces of Jammu and Kashmir together. Ladakh offers innumerable activities for every type of traveller that visits it. Whether it be guided touring within the townships, visits to nomadic and semi-nomadic tribal belts, low & high altitude mountaineering the list is almost endless.

We at Antelope tour and travels recognise that the best tours are those that are personalised uniquely as per the clients requirement and perhaps the highest personalization can be achieved when the client makes his itinerary himself. Of course our services and advice will always be there to help you make the best and safest plan.

We offer customization and flexibility as per your needs and convenience. Please [CLICK HERE](#) to use the tour customization feature or use the 'One Click Solutions' menu box given above. We always look forward to serving you better
