

Wordsworth the great poet once wrote "Come forth into the light of things; Let nature be your teacher". Indeed there is much to learn from nature and Ladakh with its unique geo-climatic position and pristine topography has been attracting a lot of students and universities. Ladakh not only offers a great chance to study nature at its undisturbed best but also to enrich the mind and body in a number of ways, through its culture and tradition.

We at Antelope group have been conducting educational tours on "non-profit" or "cost to cost" basis to encourage study and preservation of Ladakhi culture and environment. **To book an educational tour or request more information use the custom tour option in the one click solutions box.**

(Please don't forget to mention educational tour in the customization box)
